

Stocks --- The Trader: Market Losses Thin Bullish Ranks

Barron's, 2011 年 2 月 28 日, 1617 字, By Kopin Tan, (英文)

Stocks' relentless levitation suffered a rare pause last week as tension in the Middle East sent crude-oil prices over \$100 a barrel. But old habits die hard, and following a three-day selling jag, stocks rebounded Friday after Saudi Arabia...

ETF Focus: Embrace the Fear

Barron's, 2011 年 2 月 28 日, 589 字, By Murray Coleman, (英文)

With few places to find cover, investors are climbing aboard exchange-traded funds tied to the market's "fear gauge." And it's no wonder. The CBOE Volatility Index, or VIX, shot up more than 15% last week. The benchmark serves as a measure ...

DJ TECHNICALLY SPEAKING: Bearish Signal From Leveraged Short ETFs

Dow Jones Institutional News, 2011 年 2 月 23 日 18:00, 466 字, By Tomi Kilgore, (英文)

Recent money flow data suggest investors in leveraged short U.S. equity exchange-traded funds have suddenly become less bearish towards stocks. Since those ETFs are seen as good contrarian indicators, the outlook for the stock market is now...
